

Casino Fun 101

Ten Golden Rules of Gaming

- 1. Playing casino games is supposed to be fun. Enjoy yourself, and if you're not having fun, don't play.*
- 2. Always know the casino's advantage before you play.*
- 3. If you must play, decide upon these things at the start: the rules of the game, the stakes, and the quitting time.*
- 4. Only raise your bets when called for by your betting strategy. Never raise your bets as a way to win back your losses.*
- 5. No matter your schedule, do not play when tired, drinking, irritated, or upset.*
- 6. Keep accurate, up-to-date records.*
- 7. Only play casino games with the money you can afford to lose and still have fun.*
- 8. How much you don't lose is far more important than how much you win.*
- 9. Be happy with small wins.*
- 10. Remember, the true contest is not you against the casino. It's you against yourself.*
